Mr. Alex. Livingstone sold his farm to Mr. Fread this week. He intends moving to B. C. in the near future.

It will be of interest to all cream shippers and the farmers in general, that in the Edmonton City Dairy, whose output last year was 2,500,000 lbs. of butter, they have built up the largest creamery firm in the British Empire. This is a feat worthy of Alberta and one which can only be made by honest cooperation of all concerned.

With the Highlanders (in kilt) first went to the front the natives couldn't make out what they were.

One said to another: "It isn't a man—it has petticoats!" Another said: "It isn't a woman—it has whiskers!" Finally one exclaimed: "The English have a regiment called the Middlesex and no doubt this is it!"

The special services at the Star Line Schoolhouse is interesting the whole neighborhood. Good crowds gather every evening. Rev. The Calgary Central Methodist church was totally destroyed by fire on Tuesday of this week. It is supposed to be due to over heated pipes from the furnace. The loss will be about \$125,000.00. There was \$44,000.00 insurance on it but this will only about cover the mortgage on the property. The site, however, is valuable. It is said that two years ago the trustees turned down an offer of \$250,000 for the property.

A patriotic and pie social will be held in the Five Mile school on March 10th, at 7:30, under the auspices of the Alberta Sunshine club. In the competition for the best testing grade herd in the Claresholm Agricultural Society district, Mr. J. H. Walton won first place by 1000 points. In this way Mr. Walton demonstrates that he has a herd of cattle fit to be in the dairy business. He won the competition on the superiority of his cows to produce milk fat, and this, combined with his sanitary handling of milk, ought to assure the public that the product of the Willow Bend dairy is first-class in every particular.

Winnipeg wheat prices are 1.09; oats, 39¢.

Anniversary Services

Splendid sermons were delivered last Sunday in the Methodist Church by Rev. H. Marr, at the anniversary services. Both morning and evening the congregations were large. Special music was rendered by the choir. In the morning the quartette sang "Nearer My God to Thee" and in the evening "Twilight Shadows Fall." Both were excellently rendered. A solo "Shadows of the Evening," by Mrs. Steeves, was very much appreciated by the audience.

On Monday evening the annual supper and entertainment was given. The supper, which was served in the basement, was prepared by the Ladies' Aid. The tables were well filled, and the wants of the many guests were promptly attended to by the obliging waitresses. Newly set down at the tables and attacked with relish the cold chicken, salad, pies, cakes, etc.

The entertainment commenced soon after 8 o'clock with the pastor in the chair. An interesting part of the program was the turning of the mortgage mortgage, which represented the last debt on the Methodist Church property in Claresholm. Several of the old-timers were called on to tell what they knew of the early history of the Church and parsonage in Claresholm. Mr. McKinney told of the building of the church, which cost \$1,500, and much of the bell, piano, and exclusive of the furniture. This has been free from debt for some years.

Rev. L. K. Peck was the next speaker. He gave a brief account of the building of the parsonage and of the difficulties met with in securing funds. The church was opened in February, 1905, and the parsonage was ready for occupation in the latter part of May in the same year. He paid tribute to the young preachers who at that time were frequent visitors at the parsonage, for their help in the construction of the parsonage, and also to the Epworth Guild which, for some mysterious reason, later changed its name to the Mission Guild, for the splendid financial help that it gave, not only in equipping the church with a bell, and the Bible and hymn books, but in raising the funds for completing the upstairs of the parsonage, and also to buy the lumber for the stable and buggy shed. The speaker said that the congregation had not realized much over the parsonage debt as the mortgage only drew, until lately, 6 per cent. The first effort that has ever been made to pay off the \$700 owing on it since 1905, was when Mr. MacNiven undertook the task and succeeded in raising the whole amount.

Mrs. McKinney was then called to the platform and in her own inimitable way told of the early history of the church and parsonage as the Ladies' Aid had seen it. She told of the coming of the first priest, and of the difficulties they met with in furnishing the small house rented for a parsonage. Some of the ladies, she said, had had so much experience with married men that they trembled when they heard that a married preacher was coming. The Ladies' Aid, in those days, instead of buying the best of furniture, as they do now, bought the very cheapest they could obtain. She praised very highly the pioneer preachers who were upon whom the greater part of the hard-ship of missionary life in the West fell.

Mr. McKinney then burnt the mortgage and as the smoke ascended the congregation sang "Praise God From Whom all Blessings Flow." An illustrated lecture by Mr. Marr was very interesting and instructive. The musical part of the program was furnished entirely by local talent and was not one iota

behind most of the imported programs that we sometimes hear. Following was the program:

Paulson—Hage

A quiet but pretty wedding was solemnized Monday afternoon at Knox manse by the Rev. A. H. Deacon, when Miss Julia Hage of Claresholm became the wife of Mr. James Warren Paulson, of Barons. The ceremony was performed in the presence of Mr. and Mrs. J. M. Hage of Barons—Lethbridge Herald.

Star Line School

Mr. S. C. Williams has been in town and at the "44" on business for a few days.
Mr. Geo. Miller got stuck in a mudhole last week with his car near Mr. Strang's house.

The mud holes of the Star Line are frozen up, but automobiles look out for the next thaw. Why cannot the council put a few loads of cinders down at the south end of the town for the benefit of the traffic?

Farmers and the Patriotic Fund

The following was one of the resolutions passed at the Grain Growers' convention at Saskatchewan last month: That the Patriotic fund should be supported by a general tax instead of voluntary contribution; that the principle of commanding wheat for war purposes should be applied to all munitions of war; that the Government should be authorized to make and operate manufacturers of munitions exceeding 10 per cent should be commandeered by the government; that free trade between Canada and Great Britain was necessary if the bonds of empire were to be maintained; that the Government should make British goods be immediately removed. The principle of direct legislation was again affirmed, and the wish of the association that the government hasten the completion of the Hudson Bay railway and, after it was built, own and operate it was expressed in a resolution. In this connection the statement was made that eastern interests were waging a quiet campaign to exaggerate the difficulties of the Hudson Bay route in the hope that they, after it was built, own and operate it was expressed in a resolution. Washington, Feb. 26.—The house military committee late today voted for a regular standing army of 137,000 men, with two per cent allowance for recruiting, bringing the number up to 140,000, which is slightly more than the war department asked.

TWILIGHT OF THE PALE ARK

"(Continued)
Convincingly, have you not a husband, Dick, a husband?" she asked, and spoke with the violence of one sure "he stood up!"

"It is not up!" went to Mary, and took her two hands in his, very gently yet very firmly.

"Mary?" he said softly, yet with a strength of conviction, "you married me because you love me."

"No," she said gravely, "I did not."

"And you love me now?" he went on insistently.

"No, sir!" Mary's denial came like a cry for escape.

"You love me now?" There was a masterful quality in his declaration, which seemed to light up his face.

"I don't," she said bitterly.

"There was a silence that seemed long, though it was measured in the passing of seconds. At last Mary, who had planned so long for the day, gathered her forces and spoke valiantly. Her voice was low, but without any weakness of doubt.

"I do not love you."

"Just the same you are my wife, and I'm going to keep you as such."

"I don't care what you've been told," Dick exclaimed. "From now on you go straight."

"You will have to wait until I get all thoughts of vengeance out of my head, because I have been thinking something horrible—I'm going to make you love me."

"I tell you she's a crook," Mary moved a little, and then turned to her face.

"And, if I am, who made me one? You wonder that I want to get away from anything else."

"Burke, swing himself around in a movement of contempt."

"She didn't get her time for good behavior."

"And I'm proud of it!" came her instant retort. "Do you know what she's been doing there those stone walls?"

"Do you, Mr. Dick?" she asked, with a business-like air.

"You know what she's been doing there those stone walls?"

"I don't know, but I'm going to get to the bottom of it."

"I served every minute of my time, three years, five years, ten years, and I'm still here."

"You wonder that I want to get away from anything else?"

"Four years, five years, ten years, and I'm still here."

"I don't care what you've been told," Dick exclaimed. "From now on you go straight."

Moving to Town

The Retired Farmer Is Not Always Contented in His New Surroundings

LOCAL NEWS OF TOWN AND DISTRICT

BY OUR STAFF REPORTER

GRANUM, ALBERTA, MAR. 2, 1916

Mr. Hodgins, the baker, has taken a situation at Medicine Hat.

D. D. Farmer made a business trip to Calgary last week.

Mr. and Mrs. Knowles left on Tuesday last for Rhode Island, U.S.

Mr. Geddis is moving into the house vacated by Mr. Knowles.

August Deresh bought a quarter section from his brother this week.

A new Chinese restaurant will be opened soon at the stand lately occupied by Jim Sing.

Macleod will shortly commence recruiting for a new regiment. Col. Lambert will be in command.

John Daly, who has been laid up with a sore arm, is now able to be out again.

G. G. Gregory spent the weekend at Calgary with his wife, who is a visitor in the city.

Six of the town boys left on Saturday for High River to join the 157th. The town turned out to give them a good send-off.

Mr. Ronald Richards has taken the agency for the Hyslop Bicycle. He will also carry a full line of repairs and sporting goods.

The sale of Messrs. Goode and Knowles went off well. The price realized was very satisfactory. G. R. A. Blair was the auctioneer.

Boss Loughton is again in Calgary taking further medical treatment. Mrs. Loughton returned from Calgary on Monday.

All the Granum merchants contributed five per cent of their receipts, on the 29th of Feb., to the Red Cross fund.

R. A. Richards has received a stock of Barber's Home-made Candles. They are inexpensive and guaranteed absolutely pure. Just try them.

Mr. H. McAllister has removed to Stettin, Alta. We have not heard what line of work he will engage in, but he is still feeling much better in health than formerly.

Mr. Joynt, the principal of the school, has applied to join the medical corps. He does not expect to leave until the holidays, meanwhile he is studying "first aid to the wounded."

The principal of the Claresholm school has recently notified. The principal of the Macleod school is also contemplating leaving a similar step.

It is reported that T. Ross of the Bank of Commerce, is contemplating enlisting. He would doubtless make a fine scout, having had considerable experience in that line. His operations have been extended as far north as Claresholm.

Mr. G. H. McLaughlin left on Wednesday for Rimby. He has accepted a call to become pastor of the Nazareth Church there. Mr. McLaughlin was for many years an evangelist in the Methodist Church and is pleased to get back in the evangelistic work again.

A despatch to the Lethbridge Herald from Macleod says: T. Gillespie, a Granum lawyer, who leaves shortly for England to take a commission, was presented this (Wednesday) morning, at the Macleod Club, with a handsome dressing case by the members of the Macleod and district bar.

The school report for February will be ready for publication next week. The pupils are making fairly good progress in their studies, but there is room for improvement in some. The clear air of Alberta ought to clear the cobwebs out of the brains and produce the very brightest of scholars. The principal is getting a little anxious lest the school should fail to make a first-class showing at the exams.

The Granum Ford Motor Co. has received a carload of cars this week.

Mr. Ellis, the shoe doctor, reports business improving.

Don't forget the auction sale of horses at the C. P. R. stockyards on Tuesday, March 7th.

The school caets are now organized for 1916. There is an enrollment of 20.

E. G. Barber, of Claresholm, is now shipping bread regularly to R. A. Richards, Grocer, unless taken for Cash and Carry. Our home-made Candy is a winner. Everything clean and sweet. Quality unimpaired.

A meeting of the ratepayers of the four school districts tributary to Granum was held in the opera house on Thursday the 24th inst. Mr. Hodgins, the inspector, was present and explained the advantages of the consolidated school system. Every-one was considerably interested and very little opposition was met with.

A resolution was finally carried requesting the minister of education to take a vote on the question at an early date.

War Notes

The fight around Verdun is said to be the bloodiest ever known in the world's history. The French at first lost a little ground, but the Germans paid such a price for their gains as to make it a defeat rather than a victory. Whole battalions were wiped out as they tried to advance under the terrific fire of the French guns. Lately the French have regained some of the lost ground and have the situation well in hand. The allies are confident they can hold the Germans back which, if they can, will mean a big victory for the allies. The allies have a million reserves now at hand ready for any emergency.

The Russians are still driving the Turks before them in Asia Minor. The Turkish army seem to be in a sad plight and badly disorganized. Italy is going slowly but surely, so far, with Italy, every move has been forward.

Russia in the east is still pounding away, holding what she has taken, and making some gains all the time.

The German submarine policy is to be inaugurated this week. The nations concerned appear to prepare to take their chances and not to alter their plans regarding armed neutrality.

The United States is in a quandary. Germany will not change her policy even at the request of the United States. President Wilson is determined to stand by his interpretation of international law and the war clouds are very threatening. We suppose there is a hint even to the patience of Uncle Sam.

35 Indians May Join Forces.

Thirty-five Indians from the Blood reserve have been given permission by the government to join the ranks of the overseas forces if they are willing.

A big dance was held on the reserve last Wednesday night at which there was a large attendance of Indians, both from the Blood and Peigan reserves.

Scott J. Scott, who is a fellow tribesman that he is the day of the Indians to get help win the battles of the country.

It is likely that nearly all the Indians who have gained permission to go will join the forces.

Nellie Best was given six months for urging men not to enlist in England.

It is reported that the Germans in Douaumont are completely surrounded by the French. Meanwhile Germany is preparing for a fresh onslaught when the French are confident of their ability to hurl them back.
